PROFILE

A highly motivated Computer Science graduate with a strong passion for front-end development. During my internship at Insource Pakistan, I learned how to work with a completely unfamiliar language, PHP, while effectively meeting my supervisor's milestones. Skilled in React.js, Bootstrap, SASS, and Wordpress. Management Lead at Google Developers Student Club .

EXPERIENCE

INTERNSHIP AT INSOURCE PAKISTAN - AUG. 2021 – OCT. 2021

Karachi, Pakistan
-   Tasks involved developing an administrative panel for the Student Biryani franchise in UAE.
-   I was assigned to write new PHP code to extend the functionalities of the point-of-sale system to store, analyze, and visualize sales records.
-   Learned how to use DataTables plugin to easily interact with data retrieved from mySQL database.

PROJECTS

WEATHER APP
Used the OpenWeatherMap API with React to create a weather application.

SALES MANAGEMENT SYSTEM
Worked on an admin panel using PHP to add various functionalities for adding, removing, and generating sales reports for the various branches of Student Biryani in UAE. Also provided the super admin the ability to monitor the activities of all managers and employees that use the system.

CERTIFICATIONS

RESPONSIVE WEB DESIGN DEVELOPER CERTIFICATION
AUG. 2021
FREECODECAMP
Developer Certification, representing approximately 300 hours of coursework. 5 projects were required to be completed for the certification:
